

## SDIC/Service Delivery/SDIR User Group Meeting Minutes

August 5, 2015 | 3851 Rosecrans Street, San Diego Room | 12:30-3 PM

Agenda Item	Minutes
<p><b>1. Networking and Highlights of SB 277 Webinar</b></p>	<p><b>Presenters: Luanne Arangio-Law, RN, MEd.</b> (SDIC Co-chair), Supervisor/Community Health Nurse Educator, Palomar Health  <b>Eugene Beronilla</b> (SDIC Coordinator), Education, Training, and Outreach Manager, San Diego Immunization Program</p> <p>Luanne opened the meeting by asking everyone in the room to introduce themselves. Eugene explained that the earlier start time allows the group to return to the previous tradition of individual introductions, as well as more education and networking. This first meeting would be more casual since there may be others who thought that the meeting started at 1 PM.</p> <p>To provide context for the SB 277 update, the participants saw 15 minutes of a recorded webinar about SB 277, presented by Catherine Martin on July 22, 2015 through the Virtual Immunization Communication Network.</p>

**3. SB 277 Updates and Questions**

**Presenters: Catherine Flores-Martin**, Director  
California Immunization Coalition

**Robert Schechter**, MD, Policy Section Chief  
California Department of Public Health

Catherine and Dr. Schechter phoned in for 20 minutes to provide a verbal update of SB 277. Catherine focused on the history of the bill, discussing how the media was an instrumental partner to get the bill passed. Dr. Schechter shared that the Shots for School web site will have preliminary information, and that a dynamic FAQ will be drafted. For now the status quo is to follow AB 2109 protocol. The meeting followed with a Q/A from the audience, outlined below.

**Questions:**

1. **What is the status of the referendum?** Opponents of SB 277 are reported to be seeking a ballot referendum in 2016 to overturn SB 277. Opponents may also seek lawsuits or recalls of elected officials who supported SB 277.
2. **Will health care providers who can sign a medical exemption be more narrowly defined?** Current law (unchanged by SB 277) only designates licensed physicians as being able to issue medical exemption statements. (Dr. Mark Sawyer added that the AAP is meeting to set guidance for physicians.)
3. **Is there a Permanent Medical Exemption form?** Not currently. The state reviewing whether or not to issue a form for providers.
4. **What age does the law apply?** The law applies to pre-kindergarten to 12th grade, with emphasis on the start of preschool, kindergarten, and seventh grade.
5. **The law starts on July 1, 2016 but the PBE window closes on Jan 1, 2016. What if my child starts school in spring?** PBEs cannot be filed after Dec 31, 2015. Stay tuned for more information about this particular situation .
6. **Can a parent file a PBE now for the 2016-17 school year?** No.

Addendum 8/6/15: Hot off the press, Dr. Schechter informed us that there is now an FAQ for SB 277 on Shots for Schools: <http://www.shotsforschool.org/laws/sb277faq/>.
