

SDIC/Service Delivery/SDIR User Group Meeting Minutes

October 7, 2015 | 3851 Rosecrans Street, San Diego Room | 12:30-3 PM

Agenda Item	Minutes
<p>1. Formal Welcome, Introductions, and Announcements</p>	<p>Presenters: Luanne Arangio-Law, RN, MEd. (SDIC Co-chair), Supervisor/Community Health Nurse Educator, Palomar Health Dana Vilaboy, LVN (SDIC Co-chair), Immunization Coordinator, Kaiser Eugene Beronilla, MPH (SDIC Coordinator), Education, Training, and Outreach Manager UCSD/HHSA - San Diego Immunization Program</p> <p>Four new people announced that they were attending SDIC for the first time.</p> <p>Announcements:</p> <ul style="list-style-type: none"> • New SDIC Steering Committee Members: Eugene announced the induction of Heidi Campas-Higgins (Kaiser) and Farrah Faure (UCSD Volunteer/Pfizer) • New Start Time: Thank you to the majority of attendees who came during the new start time of 12:30 PM. It allows for more networking, education, and community presentations. • Sign-in sheets: The sign-in sheets have names pre-printed names of attendees from the past three meetings. People should still indicate which of the three segments they're attending. • Kick the Flu 2015: Eugene thanked the volunteers and exhibitors that supported Kick the Flu 2015 that occurred on 9/18/15. Eugene shared that for a capacity of 225, 149 people attended and that 56 (27%) people did a no call/no show. Because almost 1 out 4 individuals took up a registration spot and did not attend, this will impact the registration process for future free events. • Spring Summit 2016: The 25th Silver Anniversary of the coalition will be held April 15, 2016 at the Central Library in downtown San Diego. • CIC Summit 2016: Save the date – April 24-25, 2016 in Sacramento, CA • Community Updates: <ul style="list-style-type: none"> ○ Harrison Bolter announced that "Hope & Help for Children's Health," the 18th Annual San Diego Pediatric School Health Conference, will be held on Saturday, November 7, 2015 in San Diego. Click here to view and download the flyer.

2. County Influenza Surveillance Update

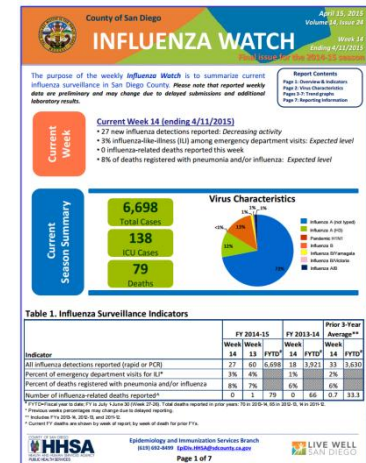

Presenter: Brit Colanter, MPH, Epidemiologist II
County of San Diego, Epidemiology and Immunization Services Branch
Email: Brit.Colanter@sdcounty.ca.gov
Phone: 619-692-8415

Presentation Slides: Colanter SDIC 15 1007

Brit presented last year's influenza statistics and provided a peek of this year's early numbers. The highlights:
• 2014-15 was predominantly an influenza A/H3 season
• The County recorded 97 flu-related deaths, the most documented cases for our region
• 78 outbreaks occurred last year, mostly related to long term care facilities

So far in the 2015-16 season, 60 flu cases have been reported (mostly A).

Click on the image to sign up for the County of San Diego Influenza Watch using Brit's contact info above. SDIC members agreed that it is a great HHSA Influenza Watch resource with easy-to-understand information.

3. UCSD MotherToBaby Program Overview & Flu Vaccine Studies

Presenter: Jack Degnan, MPH, Public Information Specialist
UCSD
Email: jdegan@ucsd.edu

Presentation Slides: Degnan SDIC 15 1007

Jack provided an overview of UCSD's MotherToBaby program, which provides evidence-based counseling for women who have questions about exposures during pregnancy and also conducts observational research studies. This would be a great resource for pregnant families, and your patients can get reinforcements about the benefits of Tdap and the influenza vaccines during pregnancy.

Click on the image to download a flyer to enroll pregnant women in a study about the flu shot. The study will be observational only.

**4. Community
Immunization
Activities
Updates**

We asked volunteers to provide updates on their agency's immunization activities with an emphasis on flu vaccinations.

Nikki Washington from Borrego Health:

- Borrego Health has begun flu vaccinations since Monday and implemented mandatory flu shots for staff in their San Diego and Riverside County sites. They are tracking which employees receive their vaccinations or have a declination.
- They will be part of the 317 Adult Vaccine Pilot, which will allow easier access to underinsured adults

Lisa Duncan from Family Health Centers of San Diego (FHC):

- Last influenza season, FHC administered over 21,700 flu shots, with the majority from VFC (9,689), followed by state-purchased vaccines (7,228), and private purchases (4,816)
- FHC integrated mandated staff vaccinations through focal point evaluations, in which performance reviews and pay raises were dependent on documentation of the health order compliance (either proof of vaccination or declination filed)
- EHR system prompts immunization reminders during all visits
- FHC has purchased pharmacy grade storage units and is evaluating data loggers
- FHC is a pilot for the 317 Adult Vaccine Program, which will allow better access to underfunded adults, such as the homeless

Heidi Campas-Higgins from Kaiser:

- Kaiser Permanente Super Saturday (9/26) at Otay Mesa, Vandever (Mission Valley), La Mesa, and San Marcos vaccinated 6,820 members with the influenza vaccine
- The flu clinics were set up as one-stop shops that provided 194 PAPs, 143 Mammograms, 78 Retinal Photo, and 184 BP checks
- New addition this year are weekend hours at the 4 large clinic vacci-centers (Otay Mesa, Vandever, La Mesa, San Marcos)
- Kaiser will be part of a pilot to vaccinate school-aged children in partnership with VFC, HHSA, and San Diego Unified School District. All students will be in SDIR.

	<div data-bbox="531 375 764 472" data-label="Image"></div> <p>Les Amarillas and Eric Estey from Neighborhood Healthcare (NHC):</p> <ul style="list-style-type: none"> • NHC has begun to vaccinate its employees • NHC focuses on rural areas of San Diego (e.g. El Cajon, Descanso, Hemet), and there is prevalent vaccine resistance from community members • They would like educational materials about West Nile virus • Chaldean materials would also be helpful <p>Many of the attendees provided suggestions to address some of the problems above. For example, Headstart programs can be a strong ally to educate vaccine-hesitant parents. Also, NHCare employees can be role models with flu vaccinations because the community will look up to them as credible sources of information and health behavior.</p> <div data-bbox="531 708 764 824" data-label="Image"></div> <p>Luanne Arangio-Law from Palomar Health:</p> <ul style="list-style-type: none"> • So far provided 1300 vaccinations through 9 clinics • Expanded services to 7 days a week • Provides essential needs during flu clinics, such as shoes for low income individuals <p>In addition, Angelic Palomino from UCSD/Refugee Health Assessment Program at Catholic Charities requested assistance in finding or creating immunization information for “No Shot, No School” in Arabic. She would also like influenza information for families to read, and not just hear it from us, reinforce message. Most of her populations are from Afghanistan, Iraq, Somalia, Ethiopia, Cuba, Burma, and few from Vietnam. Languages most needed: Farsi, Arabic, Somali, and Swahili.</p>
<p>5. Iz Branch Announcements</p>	<p>Presenter: Melissa Thun, RN, BSN, Public Health Nurse Supervisor San Diego Immunization Program</p> <p>Presentation Slides: Thun_SDIC_15_1007</p> <p>Please note that the Health Officer Order for Mandatory Influenza Vaccination Program or Masking of Health Care Personnel is still in effect. It applies to persons who work within a health care environment.</p>

6. CDPH Iz Branch Updates

Presenter: Colleen Mallen, MPH, Senior Field Representative
California Department of Public Health

Presentation Slides: [Mallen_SDIC 15_1007](#)

Colleen gave updates related to VFC:

1. HPV 9
 - Has been available from VFC for several months
 - ACIP Recommends HPV 9 for males and females 9-26 years old (VFC eligibility applies)
 - HPV rates are very low in California. Do not miss an opportunity to vaccinate
2. Meningococcal Serogroup B (MenB)
 - VFC eligibility: Ages 10 through 18 years at increased risk for meningococcal disease attributable to serogroup B1 ,
 - VFC-eligible children aged 16 through 18 years without high-risk conditions may also be vaccinated
 - For more info, please refer to the following VFC letter: http://eziz.org/assets/docs/vfcletter_2015_8_MenB.pdf

Bexsero® and Trumenba®

- Not interchangeable
- Different dosing schedules
- Choose 1 brand
- Document Brand
- VIS available
- They are special order vaccines

3. Flu Vaccine Supply: For flu vaccine supply update, please refer to eziz.org, vaccine order status

4. Key Clinic Staff Change Request Form

- Any changes to Provider of Record, Provider of Record Designee, Vaccine Coordinator, Vaccine Coordinator Back-up must be reported to VFC immediately
- New staff must complete required training on eziz.org
- Complete this form and fax to VFC: <http://eziz.org/assets/docs/IMM-1166.pdf4>

5. Return / Transfers

- Providers are now able able to report vaccine as wastage on a return / transfer form
- Provider are able to request return shipping label by email

	<p>6. Temperature Monitoring</p> <ul style="list-style-type: none"> • Document current, min & max twice daily on VFC supplied temp logs • Follow directions on the temperature logs for out of range temperatures. This applies for min and max • Use the supplemental page to document any actions taken or any changes in equipment being used • Remember: <ul style="list-style-type: none"> ○ Temperature logs are legal documents. ○ If it's not documented, it didn't happen <p>7. VFC Program Requirements</p> <ul style="list-style-type: none"> • Suggest reading program requirements <p>8. Digital Data Loggers</p> <ul style="list-style-type: none"> • Will be required for VFC providers in the future • VFC providers will be able to order data loggers from VFC soon. Check eziz.org for updates • Providers must sign an agreement • 3 different data loggers available <ul style="list-style-type: none"> ○ Start checking if you have access to the following: <ul style="list-style-type: none"> ▪ Access to an outlet ▪ Ability to use USB drive ▪ Ability to download software <p>Please view/download the slides for detailed information.</p>
<p>7. State-purchased Vaccine Updates</p>	<p>Presenter: Maria "Masha" Djuric, RN, Public Health Nurse San Diego Immunization Program</p> <p>Nancy Knickerbocker, State Influenza Vaccine Coordinator San Diego Immunization Program</p> <p>Presentation Slides: Mallen SDIC 15 1007</p>

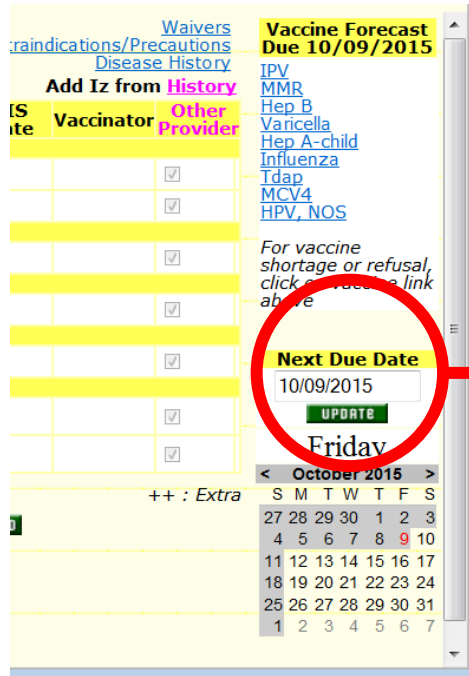

8. SDIR User Group Updates

Presenters: Heidi DeGuzman, RN, Program Director
San Diego Immunization Program

Presentation Slides: [DeGuzman SDIC 15 1007](#)

It was discovered during the meeting that providers are changing the "Next Due Date" date. We recommend that you do not modify the "Next Due Date." Keep the due date that is automatically generated so that the vaccine forecast calculations will be accurate. If you need to reset it, just delete the date and click the Save button on top. The original vaccine forecasts will appear again.

We recommend that you do not manually change the due date.

SDIR will calculate the vaccine forecasts for you.

9. Next Meeting

Wed, Dec 2, 2015 from 12:30-3 PM

Addendum: SDIC Meeting Attendees (All) October 7, 2015
